

**SPLIT SECOND**  
PRODUCTIONS  
Powered by *Run*

Dear Chosen Runners and Supporters,

**Today, we are formally announcing that, unfortunately, we will not be producing the Prettiest Race in Texas benefitting Chosen in 2021.** Many factors related to COVID-19 have influenced this decision. Due to the amount of advanced planning an event like this takes, Split Second Productions does not have the resources or preparation time to create the caliber of event many of you are accustomed to experiencing with this race.

As many of you know, this race provides transportation for our half marathon runners, has a top-of-the-line VIP tent, uses countless volunteers, and attracts many runners from across our communities. In order to execute an event of this magnitude, planning begins a year in advance. Unfortunately, even six months ago, we were unsure when we would be able to start having in-person events again, and therefore it was impossible to start making plans for this race. Although a virtual event is a possibility, we believe the heart of the Prettiest Race in Texas lies in the camaraderie gained by sharing training miles and finish lines with each other.

We are currently putting plans in place for the 2022 race, and we look forward to providing you with more details about that event in the near future. We hope that we can count on your support next year—whether in the form of volunteering your time or running at the event!

Thank you again for your prior participation and interest in the Prettiest Race in Texas. We look forward to seeing you in 2022.

Sincerely,

Mitch Allen  
Race Director
